# AI Adaption within SMEs:

## Analysis of Impedances and Suggested Approaches

Celeste Chudyk, Damian Läufer, Simone Braun, and Tobias Hagen

# Overview

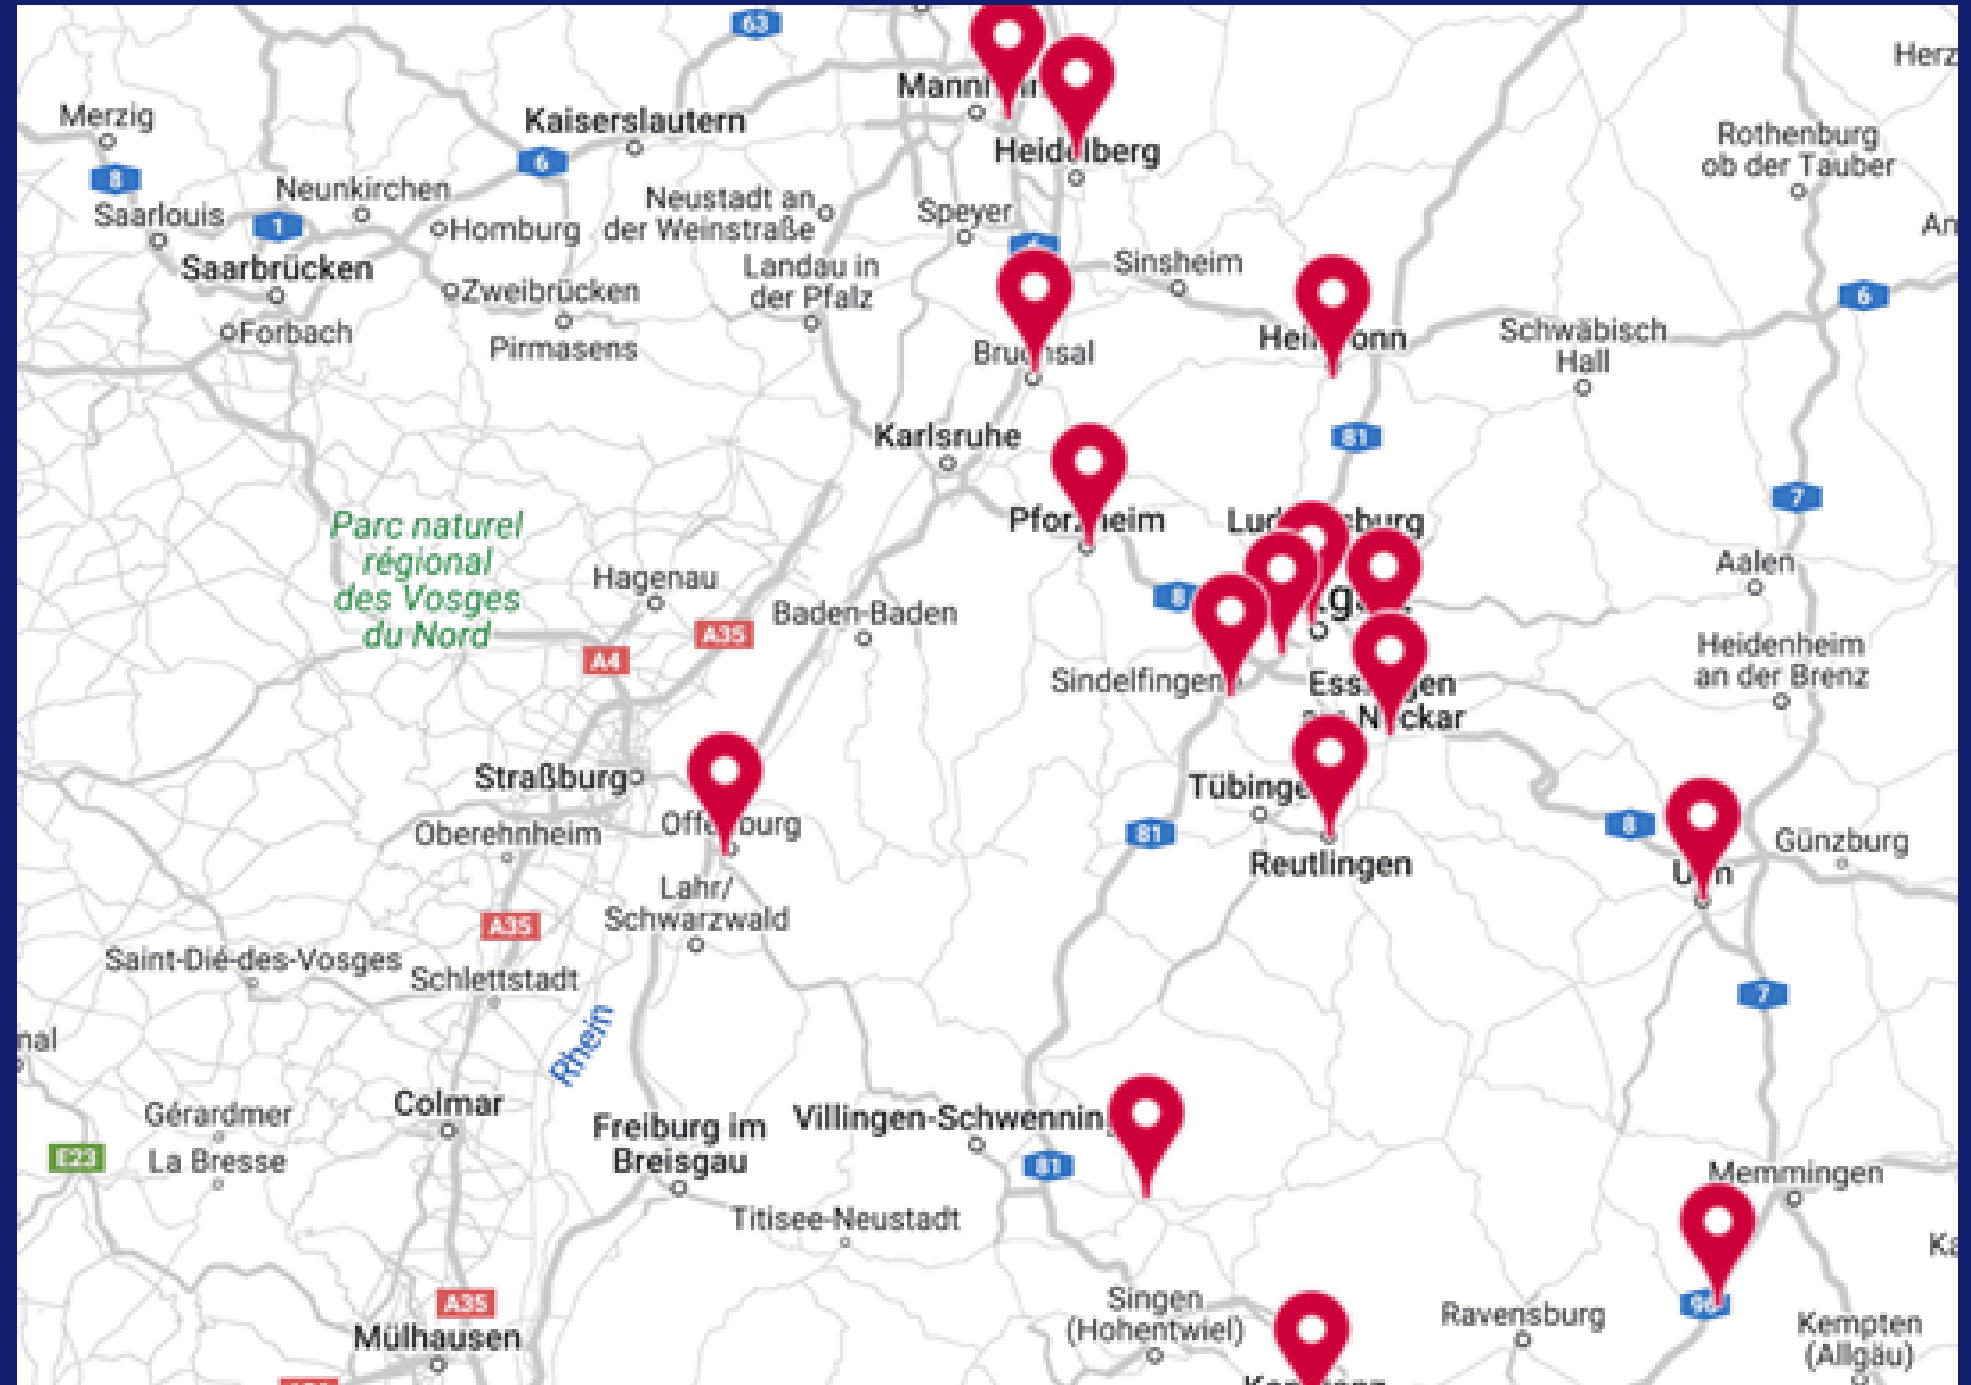

- **AI LABS INTRODUCTION**
- **WHY AI**
- **CURRENT ADAPTION RATES**
- **CHALLENGES FOR SMES**
- **AI MATURITY MODEL**
- **SUGGESTED SOLUTION**
- **TYPES OF PROGRESS**
- **QUESTIONS**

# Regional AI Labs of Baden-Württemberg

2 year initiative to assist regional development

Focused on providing AI consultation to SMEs

Direct regional focus, with flexibility to tailor services based on locals needs and resources

# Why AI?

# 4 Industrial Revolutions

## INDUSTRY 1.0

### Industrial Revolution

Factories, water power, steam power

1760 - 1840

## INDUSTRY 2.0

### Technological Revolution

Electricity, international travel and telegrams, first cars

1871 - 1914

## INDUSTRY 3.0

### Digital Revolution

Personal computers, digital cameras, centralized mass media

1970s to present

## INDUSTRY 4.0

### Smart Revolution

Cloud computing, social media, smart phones, embedded devices, AI

present day

# Kondratiev waves of development

# Current AI adoption rates

**GERMANY**

**12%**

**GLOBAL**

**55%**

# Current AI adoption rates

# Percentage of companies that are SMEs

**Germany**

**99.3%**

**Europe**

**99.8%**

# Main Challenges for AI in SMEs

**LACK OF  
KNOWLEDGE/ SKILLS**

**COMPLEXITY AND  
INDIVIDUALITY OF  
POTENTIAL AI  
SOLUTIONS**

**HIGH COSTS AND  
FINANCIAL RISKS**

**INADEQUATE IT  
INFRASTRUCTURE**

**LACK OF DATA  
(QUALITY, QUANTITY  
AND AVAILABILITY)**

**DATA PRIVACY,  
SECURITY, AND  
REGULATIONS**

**LACK OF MANAGEMENT  
AWARENESS AND  
STRATEGY**

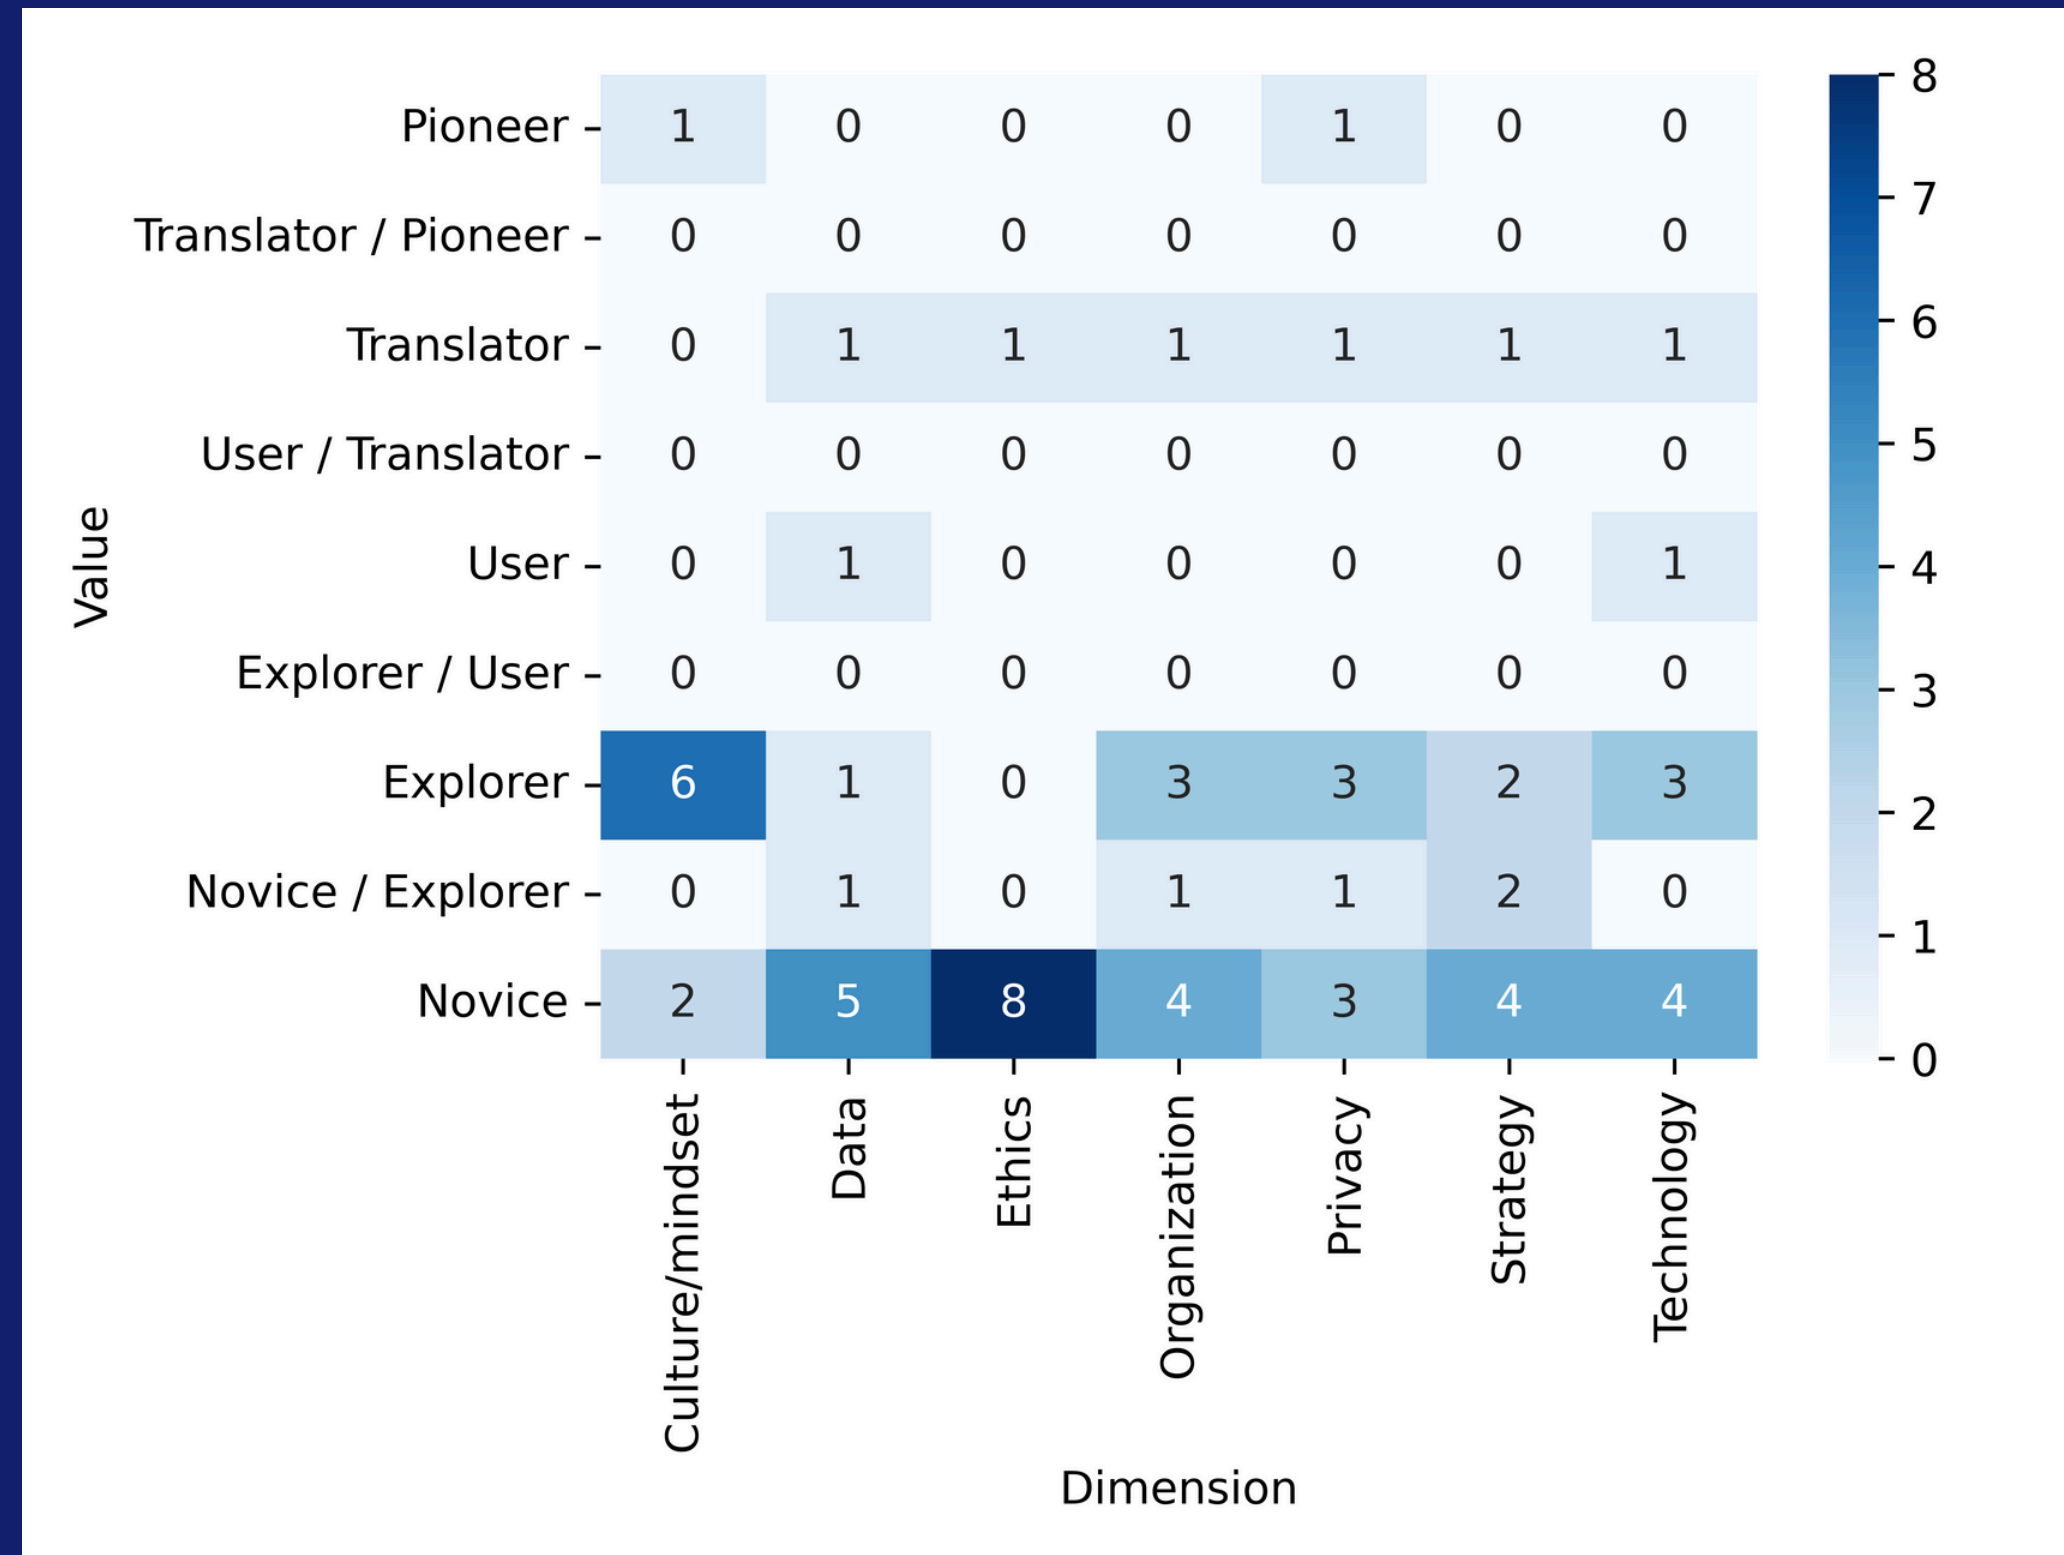

**ETHICAL AND SOCIAL  
CONCERNS**

# Maturity Model Dimensions

<b>CULTURE/MINDSET</b>	<b>PRIVACY</b>
<b>DATA</b>	<b>STRATEGY</b>
<b>ETHICS</b>	<b>TECHNOLOGY</b>
<b>ORGANIZATION</b>	

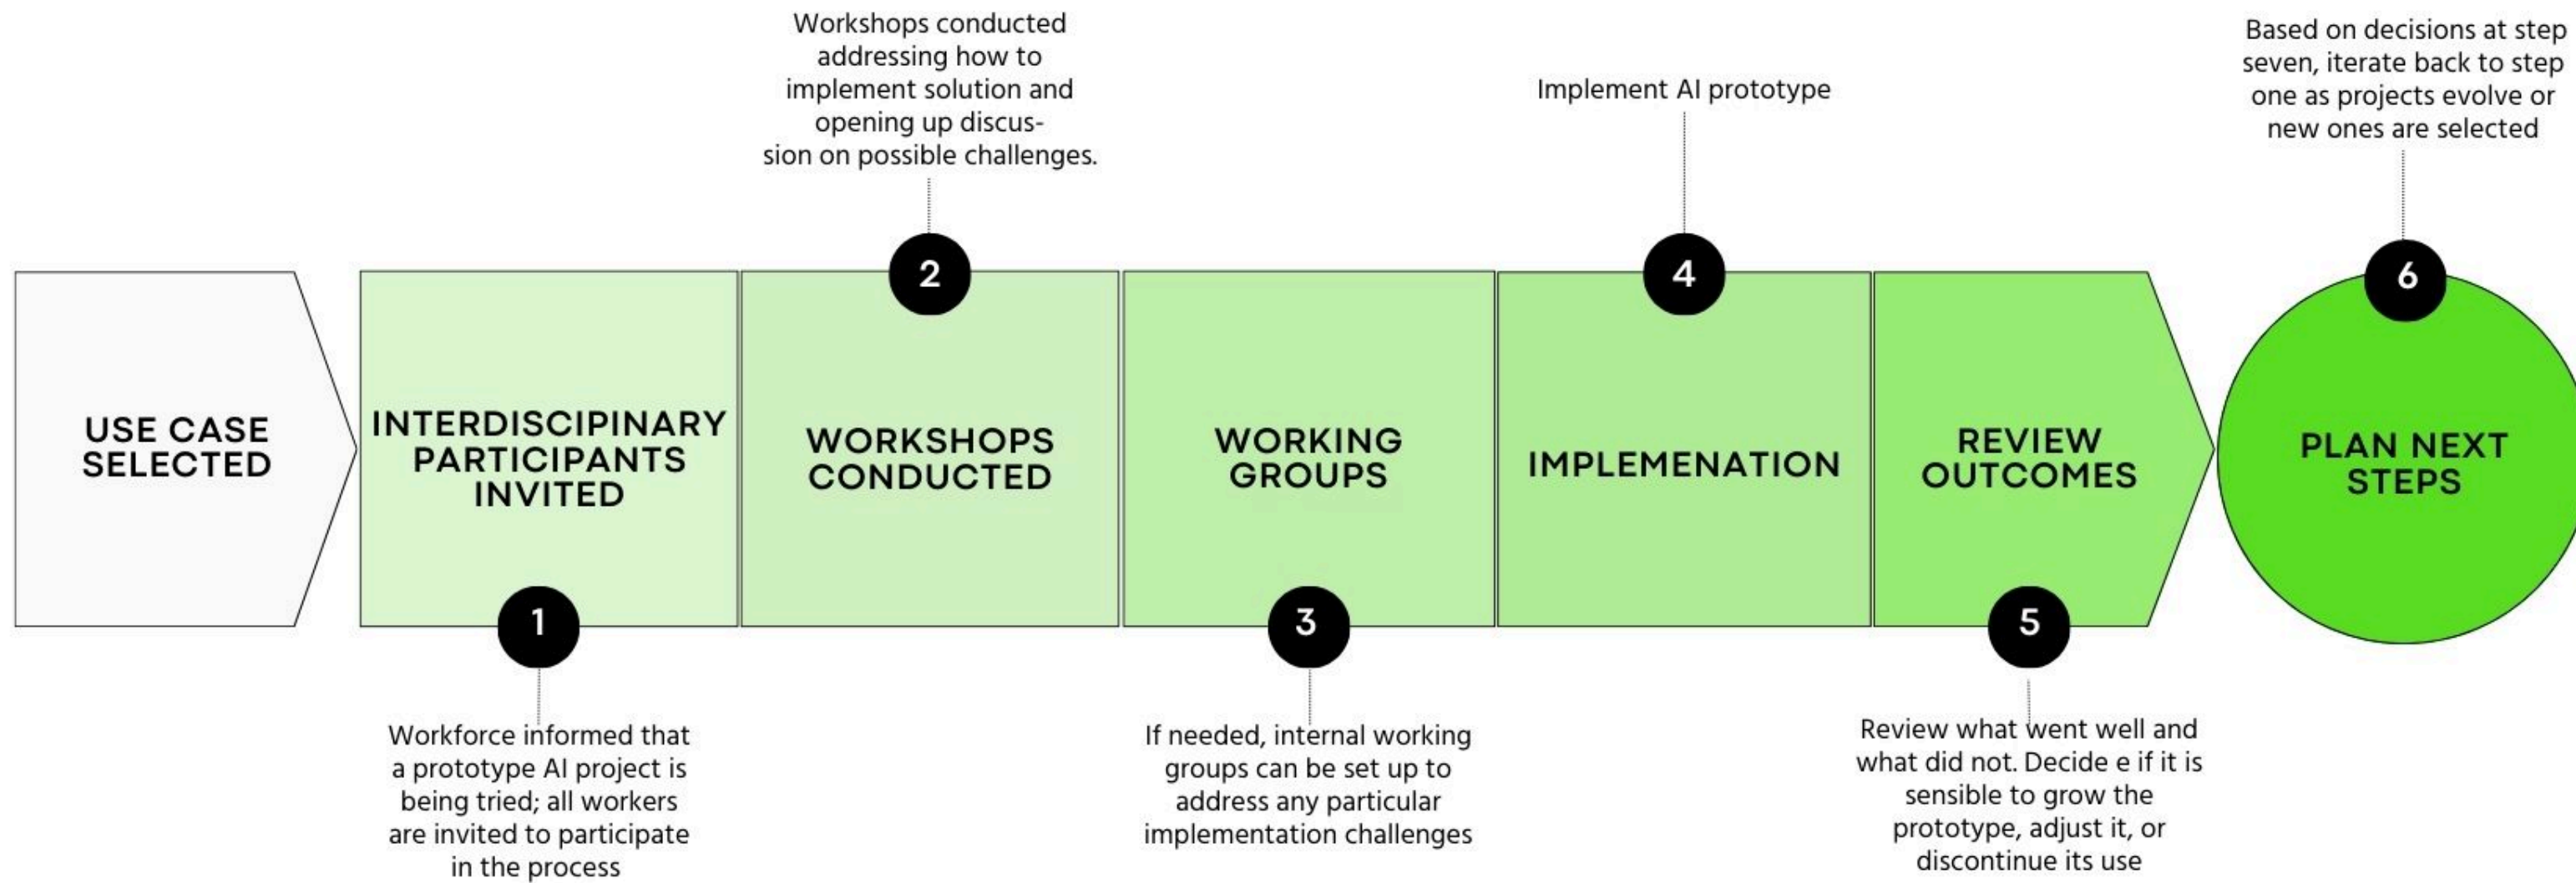

# SME self-ratings for AI Maturity

Very few self-rated above the “Explorer” Level for all areas

Most rates themselves as “Explorers” for Culture/mindset and “Novices” for Ethics

# Implementation

# Adoption vs. Adaption vs. Innovation

image generated by FLUX.1 Schnell

Adoption

Adaption

Innovation

# Adoption vs. Adaption vs. Innovation

## Adoption

Playing catch-up, integrating current state-of-the-art, understanding the basics of what's possible as well as limitations

## Adaption

Learning the tech well enough to modify it; individualization; contributing to current state-of-the-art practices

## Innovation

Creation of new best practices; displacement of old technologies; redefinition of what "state-of-the-art" means

# Questions?
